

Mooove It Subtraction

Building Fluency: adding and subtracting within 20

Materials: game board, pair of dice, 8 game markers for each player

Number of Players: 2

Directions:

- 1) Players take turns.
- 2) Roll a pair of dice and add the numbers together.
- 3) Subtract that sum from 14. Say the equation to your partner.
- 4) Place a colored marker on the difference.
- 5) If the square already has a player's marker on it, the player may move that marker off the board and replace it with their own marker.
- 6) The winner is the first player to use all of their markers.

Variation/Extension: Use the additional game board. Roll the dice. add the numbers together and subtract from 20.

7	10	5	11
6	5	4	6
9	3	9	7
2	7	4	8
10	3	5	7
